**DECISION SCIENCES CORPORATION
ANNOUNCES ADDITION OF GENE RAY TO THE BOARD OF DIRECTORS**

San Diego, CA - August 28, 2007 - Decision Sciences Corporation announced today the addition of former Titan Founder and CEO, Gene Ray, to the DSC Board of Directors. Dr. Ray brings extensive experience in technology, defense and government relations to DSC. He is currently Managing Director of GMT Ventures.

"Preventing the release of a weapon of mass destruction is the driving principle behind Decision Sciences," said Rich Smith, Chief Executive Officer, DSC. "Dr. Ray's comprehensive understanding of the development of science and technology for national defense and homeland security strengthens our ability to supply products that will protect Americans from terrorism. We're thrilled Gene has made the commitment to help us achieve our goals and we welcome him to the Board."

"Decision Sciences Corporation has a unique vision; the integration of technology, talent and resources to develop a comprehensive counterterrorism network," said Dr. Ray. "The company is committed to bringing urgently needed strategic, intelligent national security solutions to the marketplace. DSC is positioned to bring powerful tools to the hands of our national leaders in their fight to counter terrorism. I look forward to working with Rich Smith and the rest of the team at Decision Sciences to make that vision a reality as soon as possible."

A native of Kentucky, Dr. Ray holds a bachelor's degree in Mathematics, Physics & Chemistry from the Murray State University, an M.S. in Physics from the University of Tennessee and a Ph.D. in Theoretical Physics from the University of Tennessee. In addition to founding and leading Titan Corporation, he has served as Executive Vice President at SAIC, Chief of the Strategic Division of the USAF and as a defense industry analyst.

About Decision Sciences Corporation
